ONLINE DIGITAL LEARNING

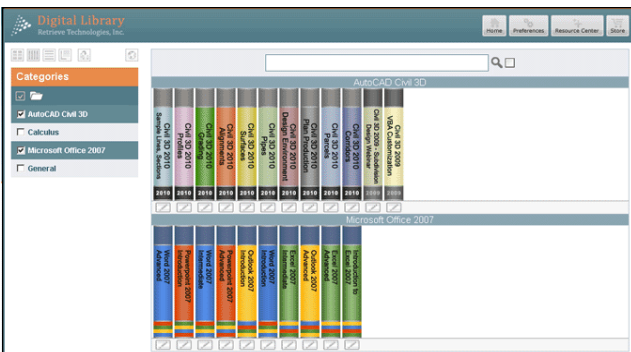

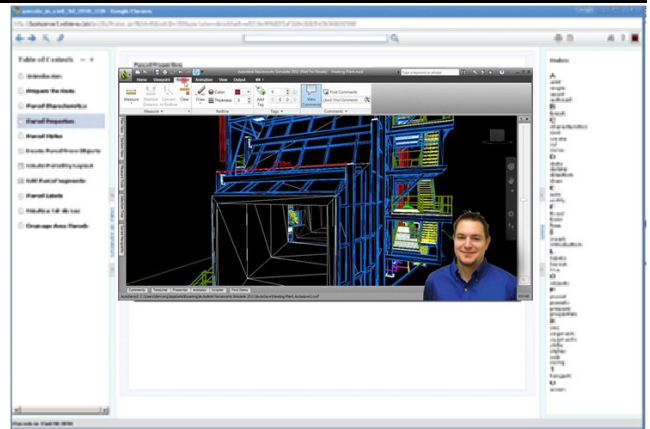

As part of the Mid-West CAD blended training platform, we now offer multiple Digital Learning tools conducive to individual schedules and learning preferences.

CLOUD DVD'S (formerly vBooks)

Mid-West CAD has partnered with Retrieve Technologies and now offers cloudDVD's (formerly vBooks) as an additional learning resource. cloudDVD's (cDVD's) provide HD quality, instructor led video from industry experts covering a wide range of products from companies including Autodesk, Adobe, and Microsoft. cDVD's are made up of any combination of video, interactive animations, downloadable documents, text, and graphics.

Mid-West CAD offers hundreds of cDVD titles for you to choose from including titles taught by the Mid-West CAD instructor team. You can purchase cDVDs for your own personal Digital Library or a company Digital Library with employee access.

All of the titles use a natural language search engine, indexed on keywords that allow content to be pulled up for fast reference. Your library can be effortlessly accessed from your desktop, via your smart phone (iPhone and Android), or from any computer anywhere, all you need is a web browser.

Contact us or Visit the **cDVD Digital Library** at <http://midwestcad.myvbookstore.com> for the available options when building your digital library.

VIEWING HOURS

cDVD viewing hours are available in blocks of 100 or 500, for up to 10,000 hours and represent a good solution for company wide learning with a fast reference system to enhance employee productivity. Easily distributable and monitored.

MID-WEST CAD CVT'S

If you need content developed around your criteria and business needs and wish to deliver a consistent training program across your organization, Mid-West CAD offers Custom Video Training (CVT's). Custom Autodesk software training including on-screen demonstration and voice-over narrative. CVT's have unlimited internal distribution rights of the Mid-West CAD recorded material.
